

Curriculum Vitae

Kader Arnold
Philadelphia, PA, USA
Email: kaderarnold@icloud.com
DOB: 04/28/1999

SUMMARY

I am an independent, amicable, and diligent worker. I am honest and see value in paying attention to the smallest of details. I take pride in my ability to work well with others; my personality is charismatic. I am persistent and positive, rarely do I get discouraged or give up once a goal has been set. Ultimately, it is important to like what you do. If work can be fun, then let's make work fun. When unexpected obstacles are hurled my way, I stay composed and solution oriented.

Over the last six years I have exerted considerable effort in becoming a knowledgeable and versatile software engineer. Some of the languages and technological infrastructures I favor are C, JavaScript, Node, React, Python3, Linux, Git, and Bash.
